

Task

You will be submitting a report with the following components.

- [2pts] Describe the application and its stakeholders. Focus on defining the purpose of the mock application and identifying who will benefit from it.
- [2pts] **Choose a member of your group to be the Product Owner and another to be the Scrum Master.** Each team member should explain their strengths and weaknesses for these roles based on the definitions of Product Owner and Scrum Master. In your report, justify why your team selected these members for the roles.

Matteo:

Product Owner:

Positive: I feel that I am good at delegation tasks based on ability and making sure everyone is comfortable with their role.

Negative: A potential issue could be managing a situation where two people have equally good but conflicting ideas.

Scrum Master:

Positive: I feel that I would be good for this because I'm organized and willing to work with anyone however they need to resolve any potential issues.

Negative: It could be challenging to navigate if team members aren't open to communication.

Marcus:

Product Owner:

Positive: I am willing to work with others to make sure they can finish.

Negative: I might be too lenient with keeping people in line.

Scrum Master:

Positive: I would be good at knowing what people should focus on.

Negative: I am not good at explaining things.

Sikander Suleman:

Product Owner -

Positive: I think I am a good leader.

Negative: I may slack off and be too lenient.

Scrum Master -

Positive: I am organized and and am able to work consistently

Negative: I would say I

- **[2pts]** Create a series of team rules that reflect Scrum values (*Commitment, Courage, Focus, Openness, Respect*). Include team meeting times and describe how your team will handle falling behind schedule or dealing with an uncooperative team member.

Rules:

Commitment- Make sure everyone does their part to make this group pass and put in the effort to succeed.

Courage- Make sure to show work so the group can see what is going on and if you have any question you can explain it and use your work to help the rest.

Focus- Make sure to check on each other so we can see the project progress

Openness- If anyone gets stuck make sure to let the team know within 24 hours so help can be provided.

Respect- Make sure to give each team member the same respect and to work as a group and as a unit.

Meeting time: (Wednesday) 11am - 1pm
